Safely Use Pressurized Water

The fastest way to clean ductless mini split coils, fans and more. Safely clean virtually any mini split system the correct way—using pressurized water on coils and fans. This patent pending technology keeps water away from walls and other surroundings and directs it into the 5 gallon bucket for disposal.

Complete KIT: Bib, adjustable mounting brackets, 5 gallon bucket.

- + Quick to set up and easy to move from job-to-job.
- + Includes 8' drain line for high mounts.

SPECS:

Part Number:	MSB-KIT
Weight (dry):	1.5 lbs
Fits ductless fan units:	Up to 44" wide

Coil Cleaning

CoilJet®

No Water. No Power. No Problem.

Ideal for cleaning coils in locations where water and power may be inaccessible, such as rooftops and attics. CoilJet is designed for portability by including integrated water and chemical tanks and a long life rechargeable battery. Expertly clean condenser and evaporator coils no matter where the location may be.

SPECS:

Part Number:	CJ-125
Output Pressure:	125 PSI at 0.6 GPM
Capacity (water):	3.375 gallons
Capacity (chemical):	1.75 quarts
Weight (dry):	22 lbs

SpeedyFoam™

Biodegradable,
alkaline foaming
coil cleaner
concentrate.

Coil Cleaning

Condenser Needle

Precision Coil Cleaning

Blast dirt and debris from condenser coils without damaging delicate fins with Condenser Needle. Designed to clean from the backside of the coil, Condenser Needle reaches inside units and quickly cleans the entire coil bed.

- Attaches to a standard water hose
- 36" wand easily handles most units
- Exclusive spray tip delivers 90° spray pattern up to 3+ gallons per minute
- Adjustable chemical injection hose

SPECS:

Part Number:	CN-03
Output Pressure:	Up to 100 PSI at 3.3 GPM
Dimensions (HxWxD):	48" x 3" x 3"
Weight:	5 lbs

SpeedyFoam™
Biodegradable,
alkaline foaming
coil cleaner
concentrate.

High Flow Cleaning With Chemical Injection

Make quick work of cleaning debris and grime from microchannel, thick condenser and evaporator coils. Powerful 400 PSI washes even the dirtiest coils with a continuous spray of water and cleaning chemical—without damaging sensitive fins. Professional results from a compact, portable solution.

Includes: FlowJet, 2 standard spray nozzles, 12' hose, 25' power cord with GFCI protection, spray gun and 18" lance assembly.

SPECS:

Part Number:	FLOWJET-60
Weight:	35 lbs (net dry)
Output Pressure:	400 PSI
Output Water Flow:	2.5 GPM
Input Power:	12.6 amps, 115 V, 60 Hz AC
Motor Power:	3/4 HP

Descaling

BucketDescaler®

Quick, easy water heater maintenance

Eliminate limescale and other deposits from water passages in just minutes.

The BucketDescaler features a durable acid proof pump and fittings, extra long hoses and optional re-circulation valve kit. Perfect for tankless and tanked water heaters and other small heat exchangers.

- 6' inlet and outlet hoses
- Purge valve to reduce cleanup time
- For best results, circulate with SpeedyBright®

SPECS:

Part Number:	SC-D8-5
Cord Length:	12'
Flow:	3.3 GPM
Capacity:	4 gallons
Hose Size:	6' (two)
Weight:	7 lbs

SpeedyBright™
Biodegradable, potable
water limescale remover.

Tube Cleaning

Tube Cleaner

Portability, power and performance

Innovative technology at an affordable price. The lightweight SC-TC-50 Tube Cleaner thoroughly cleans chillers and heat exchangers using advanced features like reversible shaft rotation and integrated water flush to clean loosened debris. The high performance nylon covered shaft deep cleans smooth bore tubes, leaving them debris-free and with dramatically higher heat exchange efficiency.

Flexible shafts and brushes sold separately.

SPECS:

Part Number:	SC-TC-50
Cord Length:	20'
Motor Power:	1/2 HP
Flexible Shaft Speed:	1,725 RPM
Amps:	9 amps
Weight (dry):	31 lbs

Professional grade wet/dry vacuum

Powerful suction makes short work of virtually any mess—wet or dry. Snap the powerful BucketVac vacuum head onto any 5 gallon bucket and get the job done, fast. If you need more capacity, just swap in a new bucket.

Includes: complete set of attachments and (6) paper filters

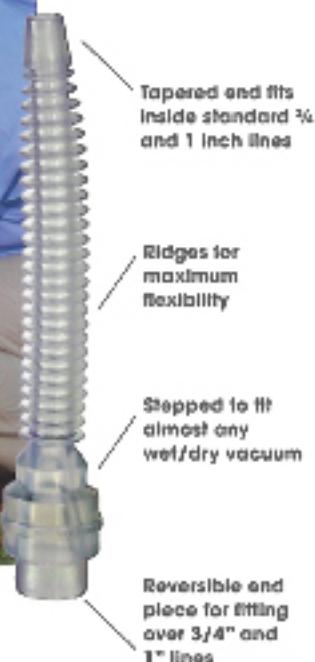

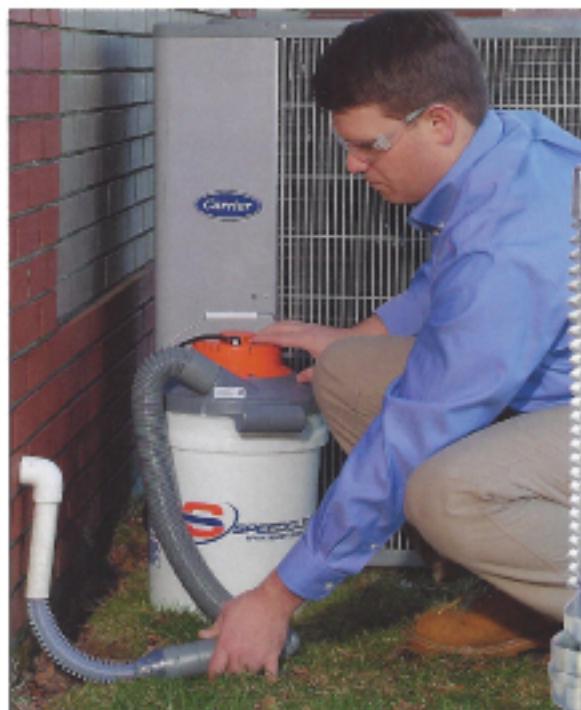

- 1 HP motor with 100 CFM, 60" lift
- Wide, flexible hose to reduce clogging
- Compact and lightweight

SPECS:

Part Number:	BV-5
Peak Air Power:	706 Watts
Cord Length:	6'
Capacity:	5 gallons (variable)
Hose Size:	2" x 2' (stretchable to 6')
Weight:	7 lbs
ETL Tested:	Yes

Quickly clear drains free from debris

Clear a variety of drains, lines and pipes from water, dirt and other standing debris. The condensate line drain tool works best with the BucketVac—simply insert one end into the vacuum hose and it's ready to go. Safer than compressed air or CO₂ methods and uses a regular wet/dry vacuum.

- Fits most wet/dry vacuums with hoses up to 2 1/4 inches in diameter
- For condensate lines, drains, pans and more

SPECS:

Part Number:	CLT-1
Weight:	1 lb
Dimensions:	12 x 2 1/4"

Deep cleans coils quickly

Foaming, non-acid, non-fuming and water soluble, SpeedyFoam cleaner and degreaser removes grime, oil, grease and rust from condenser and evaporator coils, mechanical equipment and air filters. Non-caustic and safe for all metals, including aluminum.

SpeedyBright®

Safely dissolve all limescale

Scientifically formulated to dissolve all types of limescale, rust and calcium carbonate deposits from water passages and heating elements. SpeedyBright improves operating efficiency in tankless water heaters, gas/electric water heaters and other water heating/heat exchange systems. Extend the usable life of cleaned equipment by quickly and safely removing energy robbing contaminants.

SPECS:

Part Number: SC-FOAM-1
Size: 1 gallon (available in 5 gal)

SpeedyFoam Description:
Alkaline based cleaner. High
foaming and super concentrated.
Mix with water before use.

Part Number: SPDYBRT-CS
Size: 2x .5 gallons

SpeedyBright Description:
Phosphoric acid based cleaner.
Classified by UL to NFS/ANSI
Standard 60.

Mini Split First Aid Kit™

Now available from **SpeedClean™**

Just what the doctor ordered.

Complete protection against mold, mildew and odor causing bacteria.
(One kit cleans multiple units)

BBJ Micro Coil Clean & BBJ Mold Control

A winning combination that safely cleans coils while stopping bacteria growth at the source—get protection for up to one year when used as directed.

BBJ Mold Control for HVAC Systems and Air Ducts is the only EPA registered product that is safe to use while buildings are occupied. Eliminate offensive "dirty sock" odors from any mini-split system to dramatically increase indoor air quality.
