

MOLDMISER MAX™

ULTRAVIOLET GERMICIDAL AIR TREATMENT SYSTEM

HIGH TEMP MODEL

Product Features

UVC Germicidal Multi Voltage Model *Ideal for ducted systems*

“Smart light” photo cell indicator *Confirms lamp operation visually*

Available in 9” or 16” models *Sizes for small & large installations*

Dual 254 Nanometer lamps *High 36 watt UVC output*

Enhanced with Parabolic Reflection *Helps “Double” UVC output*

Directional UVC Germicidal Action *360 degree reflection capability*

High Temperature models *High ambient - up to 190°F / 87°C*

Built-in Tandem outlet *For multiple unit installations*

Ozone free *Safe processes to help clean indoor air*

**NOTE: All UV Air Purifiers require the installation on flat and dry surfaces / areas!
Install away from Humidifiers and Heat exchangers!**

FEATURES AND BENEFITS

The MoldMiser Max is a potent Dual Voltage UVGI, germicidal, non ozonating Ultra Violet air treatment system. It features non ozonating quartz, Dual 36 watt - 254 nanometer UVC lamps, in combination with our proprietary 360° anodized aluminum parabolic reflectors. This combination doubles UVC output to create high UVC potency in a convenient duct mounted, “snap in” & “snap out” design. Lightweight bases allow quick retrofit, fast installation & ideal maintenance. These High Temperature models are suitable for hot ambient installations - up to 190°F / 87°C. Build in photocell indicates live lamp operation. Each unit features " tandem" outlets for multi-units applications. The MoldMiser Max helps reduce airborne molds, bacteria, virus, & microorganisms in combination with coil irradiation for energy efficiency & air treatment. UVC lamps are engineered for 9000 hours of operation.

Maintenance requires annual replacement, of the UV lamp for optimum performance. Respicaire products offer limited warranty – 5 year residential – 1 year commercial.

SPECIFICATION CHART

POWER REQUIRED	PART CODE	REPLACEMENT LAMP PART CODE	PARABOLIC REFLECTOR	LAMP LIFE-HRS	UVC LAMP TYPE	AMP DRAW	HIGH TEMP
24/120V	6RD18W9L	6RBUV18W9L	YES	9000	254 N Quartz	1.5/.35A	YES
120/240/277V	6RD36W16L	6RBUV36W16L	YES	9000	254 N Quartz	.35/.25/.25A	YES
